Press Release...

ProMation Engineering Inc. is pleased to announce the appointment of M.A. Stewart & Sons as nationwide Canadian distributors offering the complete line of ProMation Engineering Inc. electric actuation products.

The product line includes quarter turn spring and non-spring return as well as linear designs. Complete array of options and accessories are offered to meet special application needs.

ProMation Engineering Inc., located in Brooksville Florida, manufactures quarter turn non-spring return solutions ranging from 135"lb to 40,500"lb; quarter turn spring return solutions ranging from 90"lb to 2,300"lb; linear actuators with travel ranges of 20mm to 100mm providing up to 4,400 lb thrust. Additionally a complete line of standalone battery backup systems are available.

Please contact your local M.A. Stewart & Sons representative for complete product information and details.
